

## K-12 School District Window Replacement

## Custom Window Replacement & Masonry

# Case Study:

## Ashland School District

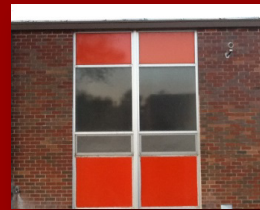

Johnson Controls subcontracted Building Envelope Solutions to perform 96 window replacements at the Ashland School District in Ashland Kansas.

### Scope of Project and Product Application

BES was tasked with the removal and disposal of existing windows in order to install and furnish new windows and entrances.

The installation included replacing aluminum storefront framing, brick masonry, insulated metal panels, entrance doors, and insulated Low-E glass.

Ensure the school property and its contents are protected, as well as the building structure maintains its weather tight integrity, during the construction phase of the installation.
